

E-Z TRAIL...

AWS HEAD HAULERS

You can rest assured if your header is well secured!

A Risk Management Tool

Moving wide grain heads doesn't need to be hazardous or worrisome. It can be as safe and easy as towing a legal width trailer on the road, across bridges, and through farm gates. With a Head Hauler, tight corners and low roof areas can be utilized for convenient inside storage. Don't take a chance...safety is no accident!

In all thy ways
acknowledge Him,
and He shall
direct thy paths.
Prov. 3:6

Head Haulers that help you move "ahead" at harvest time!

E-Z Trail All-Wheel Steer Head Haulers are available in 2 sizes: 37' & 42' with 26'8" wheel base, both with a 10 ton capacity, and with your choice of 26 x 12-12 tires or 12.5L-15 tires. They are designed to fit all brands & models of combine grain and corn heads, including draper heads. Standard features like extendable "E-Z Hitch" tongue with spring lift assist, lifetime accurate trailing, wrench-free quick adjusting, ratchet tie-downs, & E-Z Handcranks at no extra cost...help you move ahead at a price that won't set you back!

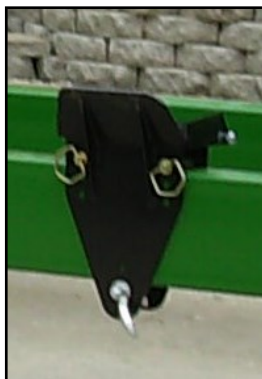

-- Note: BLACK is now the standard color.

Dual tie-down ratchets are standard.

Lower rest: 2-way slider brackets can be easily adjusted for a wide range of head-er styles without special brackets.

Optional Lighting Kit: a necessity for road use before sunrise and after sunset.

The long upper rail is easily adjusted with **ONE HAND** using our Patented E-Z Handcranks.

Ruggedly built to withstand the ups & downs of ditches & fields.

"Lifetime" accurate trailing is assured by E-Z Trail's original steering centered around sealed tapered roller bearings, truck type ball joints and dual stops with 100% greater oversteer protection. All steering parts are weather protected for lifetime outdoor use.
